Immanuel!

God With Us

Proclaim His
power and glory!

Loved Friends,

This year has held moments of tender joy, weeks of clinging tight to God, and months of great mystery. We are joyful that Joey is alive and well after a massive heart attack, and 18, yes 18 defibrillations and 18 days in the hospital.

His cardiologist said he was the 2nd most dramatic case of his career. Joey's brain has gone from dial up to cable and is starting to go to Fios! He is actually able to see clients now, in just a little over 2 months since his ordeal. God has done a miracle. Joey is the Rock Star of Rehab at St. John's Regional Medical Center.

We are extraordinarily blessed by friends around the world who continue to pray, and surround us with love and practical care. Reignbridge continues to embrace, encourage and educate emerging leaders both near and far. We are blessed with favor and influence that we know is God given. May this Christmas be freighted with God's love to you and all you love.

Love,

Fawn and Joey *on behalf of*

Reignbridge

In April we were privileged to pray on the border of Syria with the International School of Reconciliation Studies and ASK International as part of a prayer conference we convened together in Israel. Some of us felt God gave us a decoder ring in understanding God's heart for the Middle East.

Our dear friend Trisha Creighton and I have spent about six months praying into a new powerful prayer initiative called Most High. We are seeking in 2015 to enlist 1,000 people praying for this little town with a big destiny, via an opt-in email of praying through the Psalms. If you'd like to check it out;

<http://www.mosthighojai.info>

Joel and Aura served in Haiti with a team of our dear friends led by Chris Creighton over Thanksgiving week. Joel served some of Hands and Feet Projects, IT needs, and Aura helped with preparing a new facility for some of their children, and helped cook a Thanksgiving feast for about 50 missionaries. The team traveled with frozen turkeys and hams, which not only provided Thanksgiving but will also be used at Christmas. Rex Holt was blessed to address half the nation on the subject of HOPE, and is returning in January to teach a leadership conference.

Our Beautiful Internationals

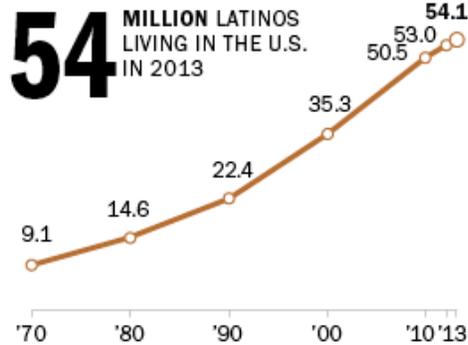

These are just some of the gorgeous students we are privileged to embrace. They come from France, India, Germany, Bangladesh, Brazil, Japan, Korea, and other nations. Many of them are getting their Masters in Stem Cell research. We pray God will give them many stunning cures. We enjoy a monthly dinner at Gracebridge, and at Thanksgiving week we are wonderfully hosted at Linda and Ron Conti's.

Bridgemaker.tv

Bridgemaker.tv continues to touch hearts particularly in the Middle East. We have powerful video stories in Farsi, Arabic, German, English, and other languages that talk about how Jesus changes lives. We pay Google to pop up an ad saying "Stories That Just Might Change Your Life." Whenever people put into Google search that they want to end their lives, or that they are searching for God. Please pray with us that God will use bridgemaker.tv to transform lives by His Holy Spirit.

U.S. Hispanic Population

Adelante with Adelita Garza Begins February 1st, 2015

One of our greatest joys has been to know, love, and serve Adelita Garza, an amazing Latino leader who is a church planter in Santa Paula. (she is seen here fixing our deck umbrella with our beloved friend, and board member Carey Nosler). This year we were instrumental in opening a door for Adelita to be on Radio Nueva Vida, the largest Spanish Christian radio network in America. Adelante will be on 5 days a week on 38 radio stations in many of the largest Spanish speaking demographic areas in America. It also reaches into Central and South America through phone aps. We are so thrilled that the Latino community will hear a message of freedom, joy and transformation. We encourage you to prayerfully consider supporting this amazing opportunity to touch hundreds of thousands of people with the love of God and the power of the Holy Spirit. www.adelitagarza.com This is one investment that will bring a huge return for the Kingdom.

The International School of Reconciliation Studies

Recently one of our students, a leader from Mozambique commented on what a huge difference the school has made in her life. We are starting a new cohort January 5th that will be exploring God's heart for the nations. Prayerfully consider if you are to be a part of this cohort.

Saticoy Church

Joey and I continue to serve Saticoy Church, a tiny church plant that feels more like a large family. In our existence of 2.5 years, it seems our particular niche is loving leadership toward wholeness so they can dream again with God. While we are less than a 100 people we are like a little Latino woman who has 13 children. We've have a big footprint in the community, and have been blessed to be a Shiprah and Pua, (midwives at Moses birth), to a church plant at Cabrillo Village, a housing development of field workers. Our lead pastor Rex Holt has just begun with Kirk and Chelsea Cameron a new church in Agoura Hills called Mercy Chapel. We have been blessed with a new family who has been attending who will be planting a church in Santa Barbara. We love watching God's unfathomable love heal the wounds of leaders and empower them to hope again. To hear some of our messages (I will be speaking Dec.29th) go to <http://www.saticoychurch.com>

If your children love to read, there are so many ways to encourage it. My dear friend Hilary use to let her boys read in bed as a treat and a special privilege. You could also consider having your children or grandchildren read the Christmas story before opening gifts. At our library in Camarillo, children come to read to therapy dogs. You can also get your copy of *There Is No Spot Where God Is Not!* a Dr. Seussish, Beatrix Potterish, book of animals in unusual circumstances. We not so humbly think it might become a classic. See the video here <http://www.thereisnospot.com>
